The Town Board consists of 5 people. No one person makes a decision alone. The word I simply is not used. It is a **WE** – right or wrong. It is **TEAMWORK PROCESS**. The Board certainly has different opinions, just as in Life, but that's a component of what makes a good productive board. Not everyone has all the answers, but ask and give us a chance to find the answers.

I have served on the following committees...Highway, Negotiations, Library, Planning and Zoning, Recycling, Public Access and Parks, Extra-Territorial Zoning and Animal Control.

During my tenure I have been instrumental in establishing a road repair schedule, town use plans, sewer provided to many areas. Town ordinances have been brought up to date. We brought back Safety Patrol and Water Patrol. Combining utility districts saving thousands of dollars, the Town resumed the operation of the Utility Plant, saving money for all users. Kept Tax Dollars in line with wants and needs of the citizens.

One of the best accomplishments the Town Board has done was to implement a position of Town Administrator. Now we all need to let him do his job and guide us to continue to prosper in Salem.

My goal is maintain the quality of life you want and deserve in the Town of Salem. I will continue to work for **YOU** in efforts to maintain our town operating smoothly and efficiently and give **YOU** the most for **YOUR** hard earned money. Together, **WE** can build a better tomorrow for the generations of the future, to do so I need your continued support. I would like to take this time to **THANK YOU** for your support in the past and for the opportunity to be **YOUR VOICE** for the town of Salem,

**VOTE APRIL 6, 2010**
